

KANDIDATEN-STECKBRIEF

Name: Fernando Urrutia

Stell dich noch mal kurz vor (Wo kommst du her? Was studierst du? Etc.) *Please introduce yourself briefly. (Where are you from? What do you study?)*

Hi, my name's Fernando. I've been living in Germany for 8 months now. I come from Nicaragua and I'm a medical doctor. Currently I'm studying Public Health at the Charité University and I work at a hospital here in Berlin.

Welches Thema im Rahmen der KSG ist für dich besonders wichtig und warum? *Which KSG-related topic is most important to me? And why?*

I believe that as a catholic-christian community, the most important topic should be strengthening our relationship with God through reading and studying of the scripture. I think that only by developing an intimate relationship with our Father can we truly discover what his purposes for our lives are, and thereby serve Him better, according to his holy and perfect will.

Welches Thema in der KSG findest du ist unterrepräsentiert? *Which KSG topic do you believe is currently underrepresented?*

- Reading of the Holy scripture.
- Life as a community (getting to know each other more closely, sharing our intimate problems and struggles with life and against sin).

Welche gesellschaftlichen Aufgaben hat die KSG Berlin der Meinung nach? *Which social responsibilities does the KSG Berlin have?*

I believe that our responsibility as a christian community is to live a (community) life such as that that the Lord asks us to live. Not only are we salt and light of the world, but also He asks us to "make that light shine in front of people", so that they can also praise Him. Especially in a city like Berlin, we should truly encourage and show true and unconditional love, independently of beliefs, opinions and orientations of our neighbor. That is our best bet in our efforts to show the world what the love of Jesus Christ truly is about, so that they can also know it and fall in love with Him.

Wie kann ich mich einbringen? Wie kann ich helfen? *What can I do? How can I help?*

At the KSG, I would like to promote learning to love each other in the community (which truly is every community's biggest challenge), so that later we can show that love to the world and share it with them. Not only liking us, talking and sharing a nice meal once a week, but truly supporting each other and getting to know us in intimacy: our problems, fears and difficulties. That way, the true love that God teaches us in His word and that Paul spread and taught in the first christian communities, can vividly be felt and seen in our community, too. If we can support each other to overcome sin and get closer to the Lord, it will also be easier that we can do it with the rest of the world.
